**T R I A L**  
MANAGEMENT & TESTING  
ASSOCIATES, INC.

**To whom it may concern**

This is to certify that product coded as **A10 – Clay Body Wash, RDS180031/01**, was dermatologically tested to claim low irritation potential, by initiating the 21-day Human Repeat Insult Patch Test, Barrier Function Test and the Scarification Test. The clinical testing was conducted from 1-24 July 2020. Thirty-five panelists with sensitive skin category were included in the study.

Statistical data analysis, utilizing the Wilcoxon Signed Ranks on the Primary Irritation Index data proved that product coded as **A10 – Clay Body Wash, RDS180031/01** passed the 21-Day Human Repeat Insult Patch Test, the Barrier Function Test and Scarification Test and are considered “non-irritant”, safe, mild, and gentle for panelists with sensitive skin.

The product is “Dermatologist” tested as safe to consumers with sensitive skin.
